Name:

Folded House Project

Step 1: On a scratch piece of paper you will describe your 4 favorite rooms in your home. Tell me which room it is and why it is so important to you. Describe what the room looks like, and also tell me something personal about the room. Maybe a memory from the room. Each description needs to be 5-7 sentences long.

Step 2: Fold the house. I will supply the necessary paper, and the instructions for folding it. :)

Step 3: Fill in your descriptions in the 4 'rooms' that were created inside the house. USE pen. DON'T write on the roof. ;)

Step 4: Decorate the front of your house. Use color and make it PRETTY!
